

# Earn your ADN and BSN in as little as 3 years

Our Concurrent Enrollment Program (CEP) was built for community college students like you.

## It's fast

To earn a BSN, community college nursing students normally have to transfer to a four-year university, where credits are evaluated individually. With us, you'll transfer 87 credits for earning your ADN.

## It's affordable

In addition to your transferred credits, you'll need just 33 credits to complete your BSN. That means you'll pay only for the classes you need — not repeats or general courses. Plus, we've lowered tuition to \$350 per credit for CEP students.

## It fits

You'll take BSN courses during your community college breaks. After you graduate, you can begin your nursing career while finishing your CCNE-accredited\* BSN degree just one 5-week course at a time.

**Cohort starts 12/14/21**  
**\$350 per credit**  
**87 credits w/ block transfer**

\$350 per credit unit Tuition: 33 BSN Core Units at \$350 per unit = \$11,550.00

E-books: \$170 per course x 11 courses = \$1,870.00

Estimated Program cost = \$13,420.00

The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

These degree programs include clinical courses or a practicum, which may not be completed in certain states. Please check with a University enrollment representative. While widely available, not all programs are available in all locations or in both online and on-campus formats. Please check with a University enrollment representative. The University's Central Administration is located at 4025 S. Riverpoint Parkway, Phoenix, AZ 85040.
